**Instructions for filing for exemption from the St. Louis County Indoor Clean Air Code,
County Ordinance 605.076, aka “Smoking Ban”**

To be considered for exemption from the smoking ban, all applicants must present the following:

1. A completed and signed application for exemption
2. Non-refundable \$35.00 application fee
3. A signed and notarized certification of revenue showing the following (A or B):
 - A. **If in operation for over one (1) year:** Sales from food consumed on the premises are less than 25% of the annual gross revenue and expected future sales from food cannot exceed 25% of the gross annual revenue.
 - B. **If in operation for less than one (1) year:** The owner of the drinking establishment reasonably believes that sales from food consumed on the premises will make up less than 25% of the annual gross revenue.

Any drinking establishment that is granted an exemption under subsection B must submit to the Department of Revenue a notarized statement signed by the owner or operator to identify and certify the actual gross revenue and liquor sales for the previous ninety (90) days of operation.

The exemption cannot be granted if said certificate fails to demonstrate that the gross food sales did not exceed 25% of all gross sales during the reporting period.

The Director of Revenue may suspend or revoke any certificate of exemption issued hereunder if it is determined that the drinking establishment fails to qualify for said exemption in accordance with the procedures set forth in Section 801.120 SLCRO 1974 as amended: Ordinance No. 24105, 08-25-09, 605.076 SLCRO.
