

St. Louis County 2005 Personal Property STC Filing by School District report.

The following is a list of 2005 personal property appeals pending before the State Tax Commission (STC). Due to the significantly smaller number of personal property appeals (compared to the number of real estate appeals) more information concerning the complainant's proposed value and the status of the appeal can be made available. This report was compiled manually from information supplied by the STC. It will be revised and updated on a periodic basis as more information becomes available.
